

Staff Support Technician

NorthShore is seeking Staff Support Technicians (SST's) to assist in our patient care environments. In this entry level role, the SST's will have an opportunity to work alongside our nurses and other health care team members who are critical in the delivery of patient care.

This is a great opportunity for those who may be considering a career in healthcare, exploring a career change or who just want to explore the healthcare industry. The SST position pays \$17 per hour and provides highly flexible scheduling options with work days and hours.

What does a staff support technician do?

- As directed by RN, make hourly or more frequent rounds on patients for safety, comfort and meeting patients' needs/requests
- Position, lift, transfer, and ambulate patients using Safe Patient Handling equipment as needed
- Keep patient rooms tidy, refresh patient's linen as needed, remove unnecessary equipment and linen
- Transport patients to other departments or when patient being discharged
- Clean and disinfect unit specific equipment
- Schedule testing appointments

Am I a good fit for this position?

You could be just the person we're searching for if you have:

- Ability to wear N95 mask or PAPR and other PPE
- Ability to assist lifting up to 100 pounds as needed
- Ability to walk, bend, stoop, stand, push, pull and lift
